

**I'm V'GER**

**The First Robot  
for  
Corporates' HR**

**Discover My Skills  
&  
Functionalities**

>> 4,6 ft

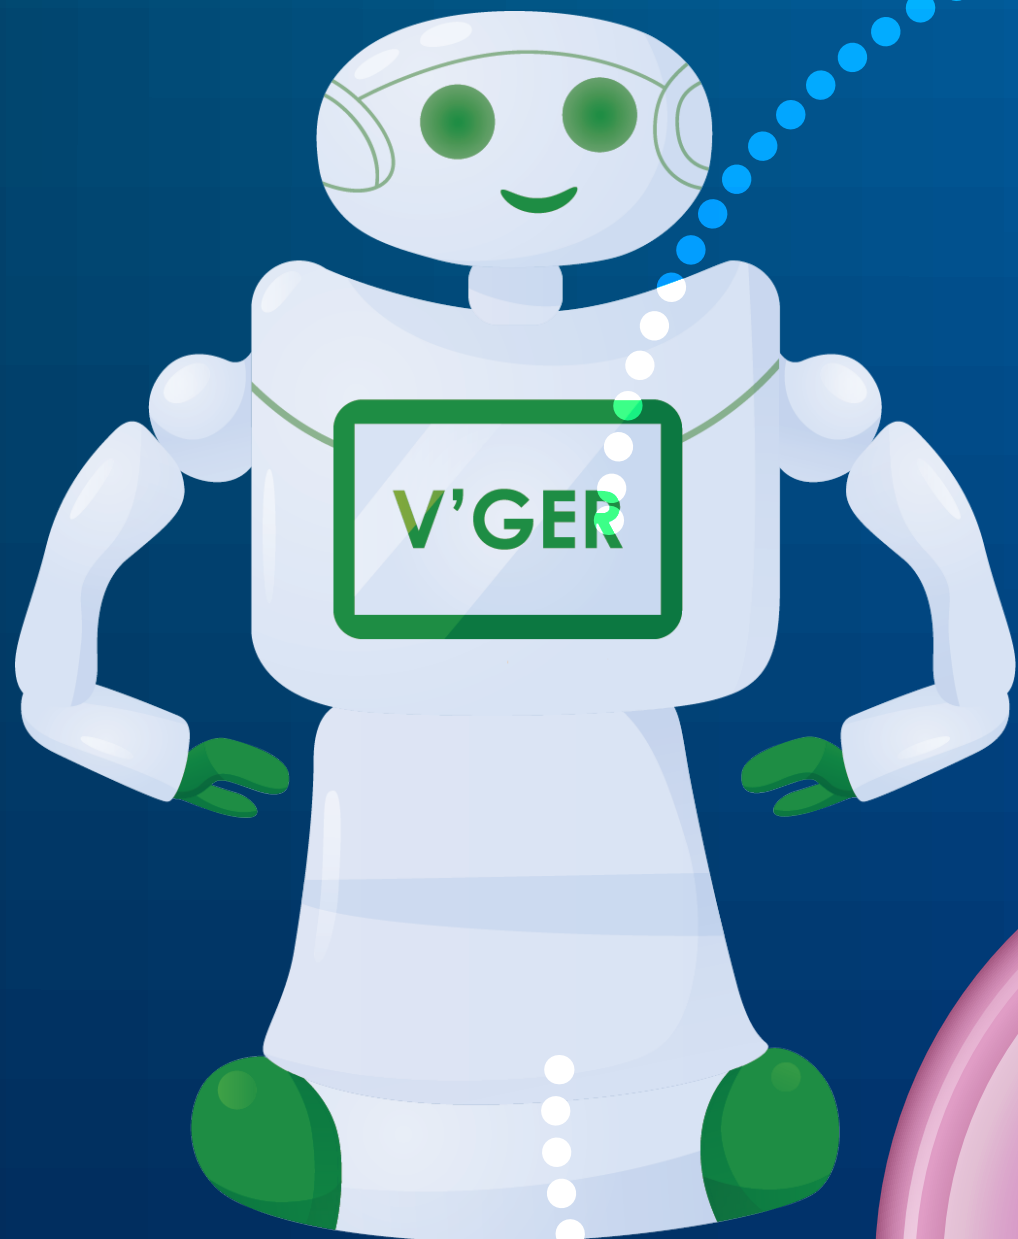

>> Consists of  
mecanum wheels

>> 8 hours of  
autonomous battery life

>> 3d-printed using  
Carbon fiber Composite

Connecting to  
BULMA Solution  
Quantum Server  
to consult the  
Organization's  
Social Capital  
named Synergy,

# My Functionalities

Helps  
Corporates' HR  
by interacting to  
people using  
ASL & LSF

Projecting with one  
of my hand the  
BULMA'NIMALS  
integrated in  
BULMA Solution  
System

Automating  
tedious  
Corporates' HR  
administratives  
tasks

Projecting to  
introduce with  
my other hand  
Your Company

Talent Acquisition  
Management  
integrated in VERA  
algorithm included in  
BULMA Solution  
System

Assisting  
Corporates' HR  
Recruiters

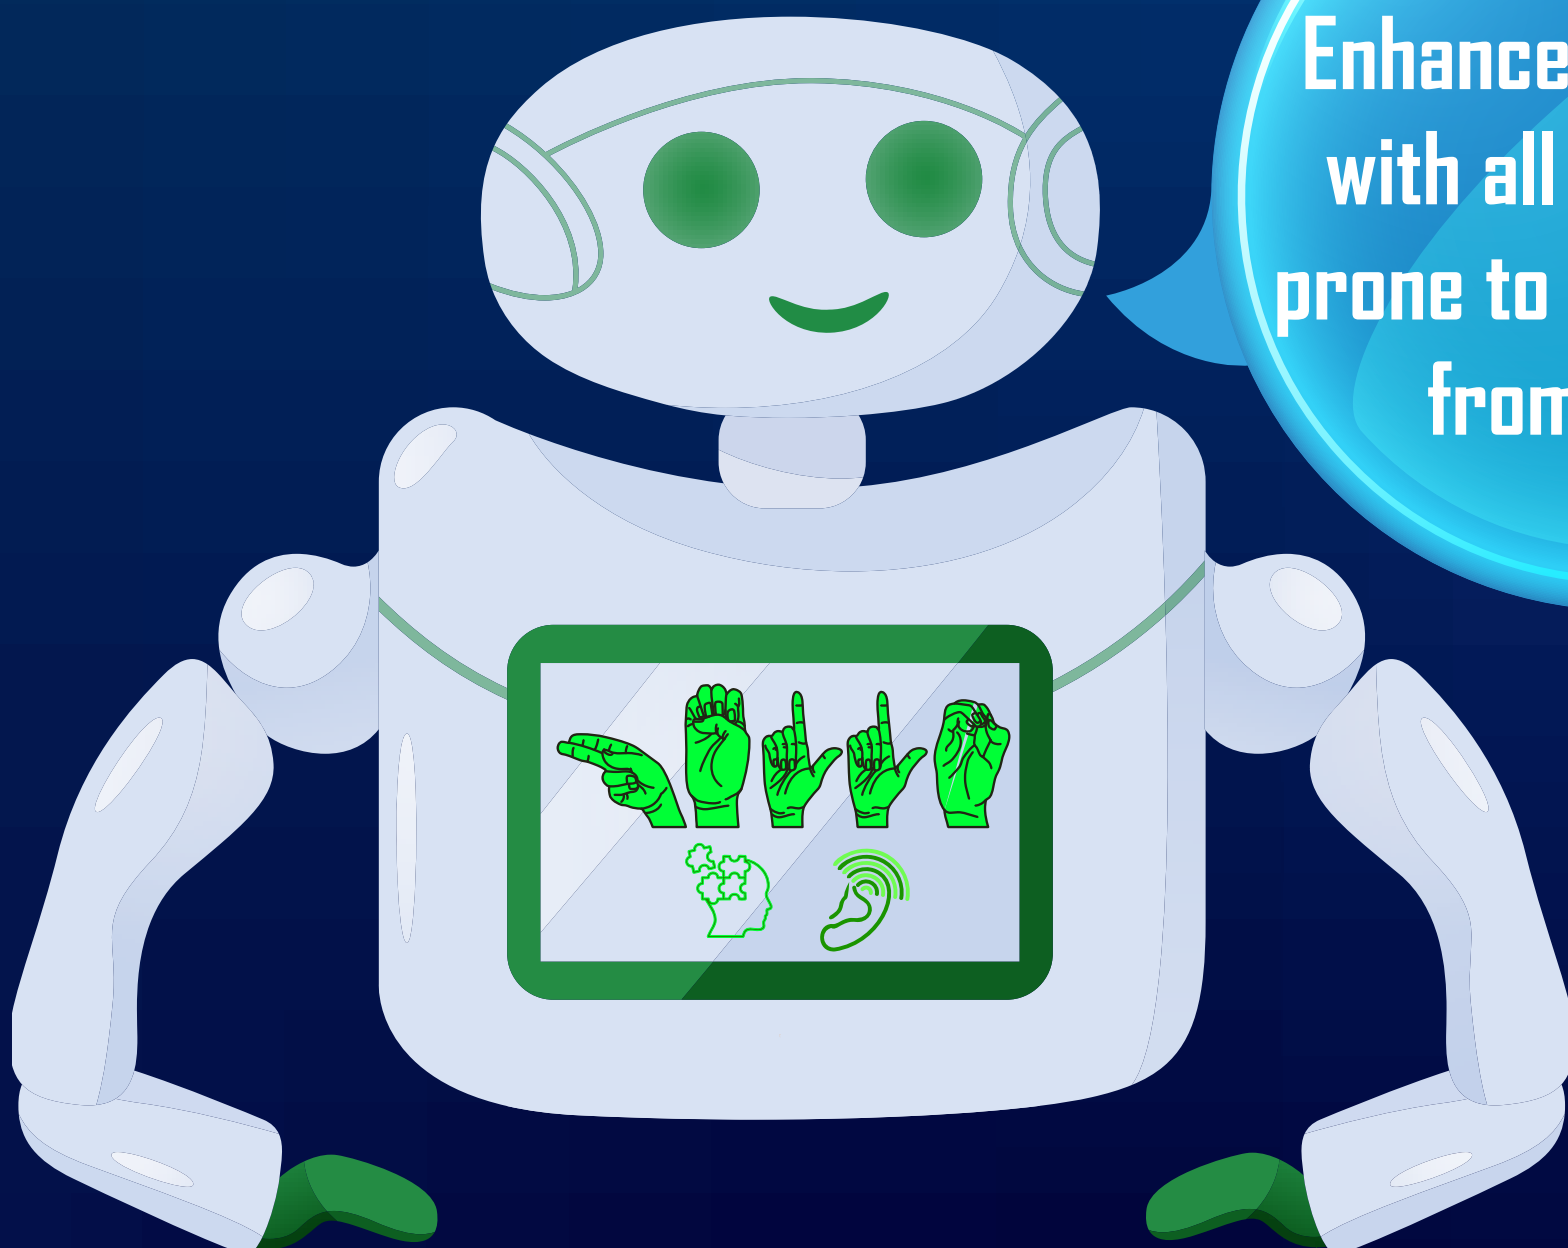

**I'm V'GER**

**The Mecca-Robot  
with an  
Integrated Disability  
Module**

Help people for  
more inclusivity  
to connecting  
people

Establishing a  
relationship with  
BULMA Solution  
System and its robot  
V'GER from childhood  
onwards will facilitate  
their integration  
everywhere later on.

**Enhance interaction  
with all and people  
prone to autism Right  
from School**

## Neurological AI

integrated in BULMA  
Solution's Algorithm

## Safety

With Emotional  
Intelligence

**For a better, easy  
Communication &  
Interaction**

## ASL & LSF

for connecting people

## BULMA'NIIMALS
